

KEY FEATURES

CHEV SERIES | CHEV COMFORT

KEY TECHNOLOGIES

Engineered traction system

Engineered traction system (ETS™) non-removable spikes are made from a high-durometer rubber compound for maximum grip and durability.

Force flex control channels

Longitudinal and latitudinal flex grooves that respond to force by flexing in the right direction to enable you to maintain optimal alignment, stability and traction.

Leather waterproof upper

Nature's waterproof breathable outer combined with a waterproof breathable membrane layer.

CHEV SERIES

CHEV COMFORT

Leather, waterproof and guaranteed comfort straight out of the box. A core Chev product that won't let you down.
