ACCURACY MATTERS™

aim L10

Pin finder

Vibration lock

Slope adjusted distance

GOLFBUDDY aim L10 Laser Rangefinder with Slope Compensation - THE #1 OFFICIAL LASER of THE SYMETRA TOUR*

The aim L10 is a compact and sporty laser rangefinder with slope compensation technology. Choose from three targeting modes: Standard, Scan and Pin. The vibration alert when the target is found gives you confirmation you're correctly locked on. The slope-adjusted distances help you to take account of inclines and declines on the course, making club selection even more accurate.

- Ergonomic and sporty design
- 5 - 880 yard range - Accurate to 1 yard
- Measures yards and metres
- Pin finder with vibration mode
- 3 targeting modes (Standard, Scan, Pin)
- 6x Magnification
- Slope on/off switch provides slope-adjusted distances for elevation
- Automatic shut-off after 10 seconds when left unattended
- USGA / R&A compliant – legal for handicap & tournament play
- IPX4 Water resistant
- Lightweight - only 155g
- Hard-wearing carry case with belt hook and easy access toggle closure

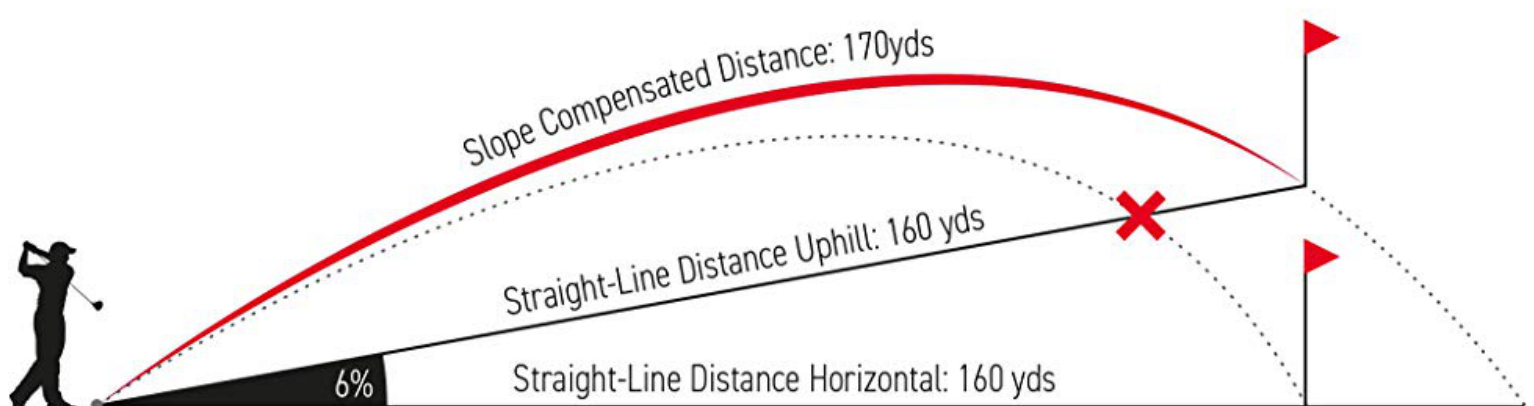

Whether you are a golf pro or a casual golfer you know that golf is all about accuracy. GOLFBUDDY are experts in helping you improve your golf game.

*Symetra Tour : The Symetra Tour, previously known as the LPGA Futures Tour and known for sponsorship reasons between 2006 and 2010 as the Duramed FUTURES Tour, is the official developmental golf tour of the LPGA Tour. Tour membership is open to professional women golfers and to qualified amateurs.

Slope Adjusted Distances

The slope adjustment feature shows you the normal yardage PLUS the slope adjusted 'true' yardage distance, taking into consideration any incline or decline you are facing. It can easily be turned off for tournament play and used under USGA / R&A regulations. The 3 targeting modes available are Standard, Scan and Pin, to suit your preference.

Pin Finder with Vibration

Lock on to your target with ease with Pin Finder technology. The Vibration alert lets you know when you have found the target, perfect for unsteady hands or windy weather conditions.

Scope - 6X Magnification

The 6 X magnification lens makes finding the target simple. View the yardage on the clear, easy-to-read wide LCD display.

IPX4 Water Resistant

The GOLFBUDDY aim L10 is IPX4 splash proof rated, meaning it is suitable for use in light rain. Submerging in water is not recommended.
